

ICP Strategy

Your thoughts to help develop the strategy

The Integrated Care Partnership (ICP) is an equal partnership between Local Government and the NHS, which aims to join-up how health and care is supported across the region. Our region is the North East and North Cumbria. In addition to Local Government and the NHS, the North East and North Cumbria ICP will bring together a range of organisations, including Voluntary, Community Sector Organisations (VCSOs), and other independent organisations to work together to improve the health and wellbeing of people who live in the region.

We want to hear what you think about the ICP's vision, goals, and commitments which are included in the ICP strategy. You can tell us what you think by completing this 10-minute survey. Anyone can do this before 25 November 2022. All feedback will be treated in strictest confidence, and we do not require any personal information that will identify you. You can complete this survey online by going to:

https://necs.onlinesurveys.ac.uk/icp_strategy_survey

Please contact us on 0191 5128484 or email necsu.icpstrategy2022@nhs.net. If you:

- have any other questions or concerns
- would like a paper copy of the survey sent out to you
- need help to complete the survey over the phone

Thank you for your time.

About you

It will help us to understand your response better if we know who is completing this survey.

1. Are you completing this survey...

... on behalf of yourself	
... on behalf of someone else	
.. as an ICP member	
... on behalf of an organisation (please write in below)	
If you are completing this survey on behalf of an organisation, please write the name or your organisation in below:	

2. Can you please tell us where you, the person, or the organisation you are responding on behalf of is from?

If you are responding as an ICP member, please miss this question out and move to the next question

Gateshead		Darlington	
Newcastle		Hartlepool	
North Tyneside		Middlesbrough	
Northumberland		Redcar & Cleveland	
Allerdale		Stockton	
Carlisle		Durham	
Copeland		South Tyneside	
Eden District		Sunderland	
		Other (please write in)	

Our vision

Our vision is for '**Better Health for all of our People and Communities**' and to improve health and wellbeing for everyone across the North East and North Cumbria.

3. Do you think we got the vision right?

Yes	No	Not sure

4. Please use the space below to share any thoughts on the vision or if you think anything is missing:

--

Our goals

To support this vision, we have three key goals, which we would like to know your thoughts on. These are:

- **Longer, healthier life expectancy** – this means reducing the gap between how long people live in the North East and North Cumbria, compared to the rest of England, so that people live longer, healthier lives.
- **Fairer health outcomes** – people may experience a difference with their health because of different environments where they are born, grow up, live, work, and age. This means not everyone has the same opportunities to be healthy. This is known as health inequalities, and we want to reduce this across the entire population.
- **Excellent health and care services** – We want to make sure the health and care services in the North East and North Cumbria region is high-quality, the same quality no-matter where you live, joined-up, and that people have the same access to the right care.

5. Do you think we got these goals right?

	Yes	No	Not sure
Longer, healthier life expectancy			
Fairer health outcomes			
Excellent health and care services			

6. Please use the space below to share any thoughts on the goals or if you think anything is missing:

Our plan to support the goals

We have thought of four ways we can support our goals, which we would like to know your thoughts on. These are:

- **Workforce** – we want a well-supported, sustainable, diverse workforce, which supports the physical and mental wellbeing of our employees
- **Places and Neighbourhoods** – we want to make sure that local areas and neighbourhoods are considered at the start when we are delivering actions from this strategy, with decisions made at the most appropriate level
- **Technology, equipment and facilities** – We will deliver a digital, data, intelligence, and insights strategy to help us manage the health of the population, based on research and information
- **Resources and protecting our environment** – We will support this ICP to receive a fair budget to provide health care services across the region. We will make sure there is improvement across the whole area, with the greatest improvement in areas which need it most.

7. Do you think we got these right?

	Yes	No	Not sure
Workforce			
Places and neighbourhoods			
Technology, equipment and facilities			
Resources and protecting our environment			

8. Please use the space below to tell us your thoughts on how we can support these goals, or if you think anything is missing.

Our key commitments

We have set four key commitments to measure our progress.

9. Do you think we got these key commitments right?

	Yes	No	Not sure
We will reduce the gap in healthy life expectancy between our ICP and the England average by 25% by 2030, and aim to raise the average healthy life expectancy to a minimum of 60 years in every Local Authority by 2030			
We will reduce smoking prevalence from 13% of people aged over 18 in 2020 to 5% or below by 2030.			
We will reduce the inequality in life expectancy within our ICP between the most deprived and least deprived deciles by at least 25% by 2030			
We will reduce the suicide rate from 13 per 100, 000 population (2019/2021) to below the England average (10.4 per 100, 000 population 2019/2021) by 2030.			

10. Please use the space below to tell us your thoughts on these key commitments

The ICP Draft Strategy

11. Please use the space below to tell us any other thoughts you have on the ICP draft strategy document

If you are completing this survey as an ICP member or on behalf of an organisation, please complete the following question. If you are completing this survey as a member of the public, please miss out the following question and move to the next part of this survey.

12. It is important that our ICP strategy builds on existing work programmes. Do you think the draft strategy fits well with:

	Yes	No	Not sure
The priorities of your organisation ?			
The priorities of your geographical Place?			
The priorities of work streams across the ICP?			

Thank you

Thank you for taking the time to complete this survey. Once we have looked at all the responses, we will share this with you and the people who make decisions.

If you would like to receive feedback or be involved again, please complete the following:

13. Please let us know whether you would like to receive feedback about the strategy or be receive regular updates about involvement.

(Please select one for each)

	Yes	No
I would like to receive feedback on the ICP strategy		
I would like to receive regular updates about involvement		

14. If you have selected yes to any of the above questions, please provide your name and contact details. We will only contact you for the reason you have selected above.
